It is the most famous and popular forest recreation area in Taiwan. It is an emerald on the Alishan Mountains, shining with dazzling light. [Sister Pool] Located in the Alishan Forest Recreation Area, it consists of "Big Sister Pool" and "Little Sister Pool". Legend has it that two Alishan girls fell in love with the same young man and threw themselves into the pool, hence the name. Sister Lake has a green surface and is surrounded by towering sacred trees. There are wooden trestles and pavilions in the lake with picturesque reflections. It is a popular spot for tourists to take photos and walk. [Three Brothers and Four Sisters] These are the strange sights in the Alishan forest where many red cypress or hinoki trees grow together from the same root due to natural factors. The Three Brothers Tree and the Four Sisters Tree symbolize family friendship and the continuation of natural life, and also show the vigorous vitality of the Alishan forest. They are important places for tourists to take photos and guide explanations. [Golden Pig Announcement] The special-shaped tree located in the Alishan Recreation Area is named after its trunk, which looks like a golden pig when it falls sideways. It is regarded as a symbol of "luck and fortune". Every New Year or festival, tourists often take photos here to pray, symbolizing good luck and harvest. This "golden pig" also adds interest and joy to Alishan's natural landscape.
